**Tim Woods : Beginning postmodernism: Second edition (Beginnings MUP)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beginning postmodernism: Second edition (Beginnings MUP):

Postmodernism' became the buzzword of contemporary society in the 1990s. Yet, even now, it still remains confusing

and baffling in its variety of definitions, contexts and associations. Beginning postmodernism aims to offer clear, accessible and step-by-step introductions to postmodernism across a wide range of subjects. It encourages readers to explore how the debates about postmodernism have emerged from basic philosophical and cultural ideas, and to develop comparative connections and ideas from one area to another. With its emphasis firmly on 'postmodernism in practice', the book contains questions designed to help readers understand and reflect upon a variety of positions within the following areas of contemporary culture: philosophy and cultural theory; architecture and concepts of space; visual art, sculpture and material culture; popular culture and music; film, video and television; and the social sciences

"Tim Woods' little gem ... I wish I had stuff like this when I was an undergraduate." - Gary Day, THES "It is by far the best introduction to postmodernism that this reviewer has read." - Choice  
About the Author  
Tim Woods is Professor of English Literature and American Studies, and Dean of the Faculty of Arts at Aberystwyth University.
