2 of 2 people found the following review helpful. niceBy midas81This is exactly what i expected. It has enough roads on it for my trip and enough of the locations listed. The details are clearly shown. I can easily fold it in the car to track certain areas. The price was good. It has the main city centers on the back like most other maps do.1 of 1 people found the following review helpful. I think Benchmark atlases and maps are the best maps availableBy RupertI think Benchmark atlases and maps are the best maps available. The scale and detail is just what I need. I only wish I could carry the atlases on the motorcycle but they're just too big. The maps and atlases are perfect for planning and programing a GPS.

This folded map of the Golden State is the ideal companion to the California Road Recreation Atlas. The entire state is shown on one side and is enhanced with enlargements of the Redwood Coast, Nap/Sonoma, Lake Tahoe, Yosemite Valley, Monterey, Santa Barbara, and Palm Springs areas. Metro areas (Bay Area, Los Angeles, San Diego, and Sacramento) are covered in detail for urban exploration.
