Michael J. Farr, J. Michael Farr, Laurence Shatkin : Best Jobs for the 21st Century before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Jobs for the 21st Century:

0 of 0 people found the following review helpful. Okay I think, but was a general descriptionBy M squaredOkay I think, but was a general description. I know much about a variety of jobs from the consulting work I do, but every job in the professional fields can take a lot of twists and turns. Some, in the same fields in this city, have a wide variety of earnings. Probably a wider range than the books may indicate.1 of 2 people found the following review helpful. The salary references are a jokeBy Genie AngelWhen was this book written? In the 70's? I clicked "view inside this book". Since the salary information they give is so ridiculous I knew no other information could be accurate. I would imagine the salaries would have double, sometimes triple of what they show.20 of 34 people found the following review helpful. The Future Jobs Aint What It Used To BeBy JULYAN ARDIANTOWhat will you be in the near future? What are the job trends that some will follow, and others will profit from? "The Next Big Thing" is always just around

the corner, and if you want to be ahead of the curve, you need this book. Witty, spunky, and organized into guide easily digestible bites, this book is packed with smart ideas and essential information that you can use to turn the best future jobs in your favor.
