I am a beginner and it was fun to see the huge letter on one page related to the animal on the corresponding page with Telugu transliteration and English. It would be a good book for teaching a young child beginning Telugu animals. 0 of 0 people found the following review helpful. From the Back Cover  
What is a bindi? [From Back Cover]: Bindis are graceful adornments that have been worn by women throughout Asia since ancient times. They are placed between the eyebrows, marking the location of the Ajna Chakra - the seat of power, control, and wisdom. Although bindis were traditionally limited to red circles, modern bindis come in all shapes and colours. They are beautiful symbols reminding us of the importance of using our minds and intellect.
