Greg Farshtey : Bionicle Encyclopedia before purchasing it in order to gage whether or not it would be worth my time, and all praised Bionicle Encyclopedia:

0 of 0 people found the following review helpful. Everything you need to know about Bionicle up to 2007. By M. B. Cundall It was great! 3 of 3 people found the following review helpful. Good Reference By Dominicanita Our 5 year old son likes Bionicle and has built a few of them (with a little help) but doesn't know a lot about the history or characters. The Bionicle world seems so complex. However, this Bionicle Encyclopedia is very informative and helps the reader understand the Bionicle world a lot better. Whenever our son is interested about a particular Bionicle character, place, thing or term we just look it up in the encyclopedia. The fact that it's alphabetized makes it very easy to look things up. We also like the fact that it shows correct pronunciations (especially since we're not sure how to pronounce some of the names). We like the pictures but we wish they had a picture of every character in the Bionicle world...other than

that we think it's a great Bionicle encyclopedia!.0 of 0 people found the following review helpful. Good book thoughBy Tammi EwingArrived severely damaged. Good book though, extremely comprehensive.

The ultimate guide to BIONICLE and a must-have for all fans. New and Updated!An encyclopedic look at the entire Bionicle story line, featuring new and updated entries. Want to know more about the Piraka? They're all here. And what about Nidhiki or Makuta? The Toa? The Toa Inika? The city of Metru Nui? And the watery world of Mahri Nui? It's all here: everything you ever wanted to know - and some things you may never have asked. The answers to your questions are inside this book.A must-have for fans of all ages whether they are new to the property or think they know it all.
