Steve Shackelford : Blade's Guide to Knives Their Values before purchasing it in order to gauge whether or not it would be worth my time, and all praised Blade's Guide to Knives Their Values:

0 of 0 people found the following review helpful. this book has value and contains detailed information that is certainly useful. By Mr. C Although this book has a ton of information, it still feels limited in the subjects within the world of knives, and quite frankly, while I understand the economics of it with such a large volume of page content, I just can't stand the black and white pictures and illustrations. But in general, this book has value and contains detailed information that is certainly useful. 0 of 0 people found the following review helpful. Blade Buyers Guide By Gracie Like with most reference guide books, There is seldom everything that you are looking for. It's always not enough pictures or they didn't include the knife I really bought this knife for. Of course a book like that would be everything would be too large to use, or mail. I did wish it had a larger section on Ka-bar fixed blades, or Wester W49 Bowies. I guess this book was adequate for what I needed, I will just add to the collection of Guides I already have and

it will probably come in useful in the future. 0 of 0 people found the following review helpful. Five Stars By john english Very helpful

The world's most comprehensive roadmap to cutlery, *Blade's Guide to Knives Their Values* contains expert analysis, appraisals and lifetimes of research from the foremost authorities on antique, custom/handmade, factory, international, club, commemorative, period, and frontier knives, and all mainstream cutlery genres. Expanded with new collector information, how-to stories, photographs and other images, historical background, vintage and contemporary maker listings and more, *Blade's Guide to Knives Their Values* provides you with inside details, values and other tantalizing tidbits to maximize enjoyment of your knife hobby. Identify, date and appraise virtually any knife with updated value guides and thousands of illustrations and descriptions. Decipher the values of knives from many of the world's greatest custom makers? living and dead? via the totally overhauled and expanded custom/handmade section. Learn all about collecting knives: how to grade, buy and sell, and care for knives; how to recognize fakes; explore the latest blade steels and handle materials; build and maintain a collection; and a whole lot more!
