**Cool Journals : Blank Cookbook: Notes Recipes: (Pink, Black, White)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Blank Cookbook: Notes Recipes: (Pink, Black, White):

7 of 7 people found the following review helpful. Really great idea. I love itBy jnavaromeI would have never thought about buying a blank cookbook. But then I heard my wife saying how she wanted to write down some recipes for our daughter. Our daughter is always calling and asking "hey Mom, how do you make such and such".As I was searching for something or other, I remembered my daughter having called the night before and asking for one of those recipes.

So I searched for "blank Cookbook" and found this one. When I gave it to my wife, she loved it immediately. Right away she thought of going to her Mom's house to write down her own Mom's recipes. My sister in law came over and when she saw the book, she thought it was a great idea also. Not only for her but she also thought of it as a gift for one of her friends. Long story short, this book is great. It's small enough to have handy and not too big that it's obtrusive. I can't believe how this inexpensive purchase has made so many people happy. Can't wait for the Holidays so I can give this blank cookbook as a stocking stuffer. Definitely a happy customer 5 of 5 people found the following review helpful. One problem! By M. Keifer This book was great. The pages are small and I thought I wasn't going to have enough room to write most of my recipes but I was surprised to find that I can fit way more info on the page than I thought I could. The only complaint I have is that it's not spiral-bound so it's not easy to flip through and keep it on a certain page. 0 of 0 people found the following review helpful. Great gift for my recipe making friend By Jennifer Jolivette I bought this product for a friend that loves to make her own recipes. When I gave it to her for a Christmas gift she loved it. She said that she never even thought about getting something like this and it will definitely make it easier to write down her recipes and not lose them anymore. I would definitely recommend buying this product.

Blank Cookbook: Grab an apron and a pencil and start jotting down your best recipes in this stylish blank cookbook. This blank recipe book is perfect for creating and sharing your personal recipes.
