2 of 2 people found the following review helpful. don't waste your moneyBy June M.This manual is NOT the AHA manual that is required for AHA BLS (Basic Life Support) Provider certification classes, even though the titles are very similar. Furthermore, this "manual" is only 32 pages long, in double spaced large print, and of those 32 pages, the text runs only from pages 4 - 23. The rest of it is titles, references, and review questions. If you want a supplement to the actual AHA manual (which, it should be noted, is less expensive than this manual), you may find this helpful, but otherwise, don't waste your money.0 of 0 people found the following review helpful.
