Steven Provenzano : Blue Collar Resumes before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Collar Resumes:

0 of 0 people found the following review helpful. Blue Collar ResumesBy Phyllis M. HolstThis is an excellent book for the novice resume writer or the established professional. I bought 3 copies for the placement people in our office.

This practical and helpful guide takes the user step by step through the process of writing a job winning resume. The book begins with some general background on deciding what kind of job to look for, and how to find the best opportunities for that job. It, then, progresses to taking an inventory of the users strengths and weaknesses, interviewing oneself , putting it all down on paper and when to call upon a professional resume writing service. Written by a Certified Professional Resume Writer, Blue Collar Resumes will help the reader present themselves in the best light possible.
