Susan Hodgson : Brilliant Answers to Tough Interview Questions: Smart Answers to Whatever They Can Throw at You before purchasing it in order to gage whether or not it would be worth my time, and all praised Brilliant Answers to Tough Interview Questions: Smart Answers to Whatever They Can Throw at You:

2 of 4 people found the following review helpful. A great book
By A Customer
This is a superb book, really useful for anyone facing the prospect of an interview. It gives you loads of practical advice and tips. It has an engaging and witty style - a great read, obviously written by someone who can combine professional expertise with an understanding of humanity. Brilliant.

Swot up and be prepared for anything. Answer whatever an interviewer can throw at you. Stay calm and in control. Know your strengths and how to play to them to get the job you want. It's that pre-interview moment: what will they ask you that you haven't thought of? What can you say when they ask for your questions? What should you say when they ask what your weaknesses are? Should you be more laid back or more formal? How do you impress with a first impression and then put a brilliant shine on everything you say? "Brilliant Answers To Tough Interview Questions", like the other Brilliant books, is written by an expert. It will show you not only anything and everything you might be asked in an interview and how to answer, but will also get you thinking through short sharp exercises and features so that you don't come out with the same old answers. Learn how to answer the questions to suit you - to show your strengths and to show how your weaknesses are really strengths too. *People buy books on this subject that are old and dull because they need them *We can do it better and brighter. We can do it brilliantly *People have to move jobs more frequently these days - they need to get a good first step and they need to keep going *"Great Answers" is bought for the questions and answers - we've cut the rest to provide what people really want *People are scared of interviews, of interviewers and of scuppering their own chances in an interview with nerves. This book will provide all the confidence anyone needs *Clever and sharp and above all practical, useful and useable

From the Back Cover What does it take to really shine in your interview? Interviews are your chance to showcase your talents. Get it right and you could nail the job of your dreams, get it wrong and you could be in for a stressful time. Your biggest challenge will be using the questions they throw at you to show off your skills and potential - turning even the most awkward questions to your advantage. Brilliant Answers to Tough Interview Questions shows you how. BRILLIANT OUTCOMES Turn each question to your advantage Feel in control no matter what questions you are asked Be ready to show your strengths and your weaknesses Packed with over 200 interview questions the tricky ones, the hidden meaning ones, the sly ones and the downright tough ones you'll find out exactly what the interviewer wants to hear and how to say it. About the Author Susan Hodgson was head of the Careers Service at South Bank University in London. There she taught students job-hunting skills and trained them in interview techniques. She worked with a wide range of employers to ensure that she knew exactly what they were looking for. She has worked with school leavers, university students and professional people seeking a change of career.
