In the computer era, state and provincial road maps have become rare... and this is like the best of those.1 of 1 people found the following review helpful. "Priceless" map!By Betty B.It was perfect for our trip into Canada from Vancouver BC to Calgary AB. We used the map for the big overview, then used our vehicle's Garmin for fine tuning. On a side note, it was a disappointment that the original price sticker showing "\$7.99" was still stuck to this new map. I felt a little ripped off, but it was a learning experience. Anyhow, the map ended up being "priceless."0 of 0 people found the following review helpful. Good quality, detailed enough map.By Penny in IdahoUsed on a lengthy trip to western Canada. Very satisfactory and did not tear after lots of folding
