Fascinating reading By LRI primarily bought this for the section on The Age of Chivalry, which was excellent; but I found the other sections informative and interesting as well. Highly recommended for the student of mythology. 7 of 7 people found the following review helpful. A Must-Have for Every Home Library By Richard Salinas This is a reference work that belongs in every home, especially if you have kids. The width breadth of stories contained here will astound even those who think they are well-versed in mythology. Everything from the Greek Roman gods to King Arthur is included in this book, along w/lesser known stories that are just as interesting in their own right. While it may be too sophisticated for elementary readers, it is just right for 11-13

y.o. kids to jump into to supplement their Harry Potter or Star Wars passions. Even curious adults will find something they didn't know before. Makes a great gift for all ages!!0 of 0 people found the following review helpful. Five StarsBy Ems JadeAn easy read, but would suit someone unfamiliar with myth and fable well.

A beautiful gift edition of Thomas Bulfinch's classic retelling of famous myths and folk legends, with interpretive essays by Princeton classics professor Richard P. Martin.
