Jim Pearce, Lynne Butel, Jacqueline McIntyre, Tony Curtis, David Smith, Stephen Rainbow, Christine Swales : **Business Functions: An Active Learning Approach (Open Learning Foundation)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Business Functions: An Active Learning Approach (Open Learning Foundation):

This introduction to Business Functions delivers the knowledge and skills required to understand the key characteristics of business organisations and the core functions that contribute to their operations.

From the Back Cover Business Functions is part of a major new national programme of highly developed texts and modules for undergraduate students following business studies courses. It provides 150 hours of quality study to be used by students in a supported learning environment. This introduction to Business Functions delivers the knowledge and skills required to understand the key characteristics of business organizations and the core functions that contribute to their operations. All the units are carefully sequenced and organized to ensure clarity and ease of use. Topics covered include: Business environments. The organization. Marketing. Operations management. Human resource management. Business Functions has been written and developed by a highly experienced team drawn from the Open Learning Foundation's member universities. Using a range of questions, self-assessment exercises, examples and assignments, Business Functions is the most effective teaching and learning resource available at this level. About the Author Jim Pearce is Joint Head of the Teaching Company Centre and Principal Lecturer in the University of Plymouth Business School.
