No longer in publication, and according to the author unlikely to ever be reprinted, this book is a true treasure. Nowhere is there a more complete compilation of original Cadillac photos and text on each of the decades models. Your Cadillac library is not complete without this book.0 of 0 people found the following review helpful. Best and most detailed book on 1950's CadillacsBy jdeExcellent but hard-to-find book on Cadillac's of the Fifties. Schneider's similar books on Cadillac for the Forties and Sixties are also excellent and are still in print, or at least easily available. This is the best book there is on 1950s Cadillac's.0 of 0 people found the following review helpful. A must have for 1950s Cadillac CollectorsBy Mozart ClubThis is the go to book for information on the Cadillacs of the

1950s. There is excellent information regarding all aspects of the car. Excellent period shots of exterior and interior. Charts for options and interior choices. A must have reference guide.

This is the 1995 Special Edition with Gold Stamped Hardcover binding, printed end sheet, 240 large-format pages with 700 Photos. Autographed by Author.
