The first time I took the practice test on the CD, I failed. After seeing where I went wrong, I test again three more times and passed each time. This was my only study aid after taking three real estate courses at the community college. Without this book and CD, I doubt I would have passed the first time. This saved me \$200 for a prep course being offered.0 of 0 people found the following review helpful. Ca real estate examBy markBook is alright-touches on many of the possible questions to the test. There are other good study books out there as well I'm sure.1 of 1 people found the following review helpful. California Real Estate Sales Exam 2nd Edition [2007]By GemThe second or third edition (600 question) book and FREE (400 question) CD is a very good place to start preparing for the California Sales Exam. I used the CD to help reinforce my

Real Estate Principle's class before quizzes and exams. You can set up the Software to cover one or more topics, and also choose the amount of questions for each study session.[ISBN-10: 157-685-5139] ~ California Real Estate Sales Exam  
The third edition CD has been upgraded and the graphics are amazing!Both Software Programs can keep track of your exam scores, and evaluate each of the categories. You may choose to have the exam questions electronically shuffled, to help keep the material fresh longer. You can go to exam history and retake any previous exam completely, or you may choose to retake just the questions that you missed. You may also stop your exam and continue it later (book mark your place).[ISBN-10: 157-685-602X] ~ California Real Estate Sales Exam

For real estate candidates who need to pass the exam to become a licensed salesperson. Four complete practice exams allow the reader to assess his or her strengths and weaknesses before exam day. In addition, the real estate math review and California real estate refresher course provide additional review material before this important exam. A glossary of more than 500 commonly tested real estate terms is useful not only for test preparation but also as a reference guide. The free CD-ROM allows readers to recreate actual test conditions.
