Excellent book -- learning Latin is very hard and Cambridge ...By Ccm989Excellent book -- learning Latin is very hard and Cambridge makes it much more accessible. What really helps are the stories are all interlinked and you can figure out what's going on by context if you don't know the exact translation of each and every Latin word. You won't walk away a scholar after finishing this book but you will understand the writing you seem at museum exhibits of Ancient Rome.0 of 0 people found the following review helpful. Five StarsBy RICHARD OKIRIAThank you0 of 0 people found the following review helpful. Highly Recommended!By Karen Colton WellesThis is a great series. The material is well-chosen, and all grammar vocabulary is easily grasped. I have mixed 2 separate additions, find no problems with it.Highly recommended. (Also, the text books are a nice, manageable size, so you won't need a wagon to take them with you... which is always a plus! ;)
