Candlewick:The Jewel of Imperial (BookII)By CarolynThe book was exactly what I was looking for and in the condition that it was advertised. The book has drawings and excellent descriptions of the crystal. In the back of the book it has the drawings of the pictures that were in the original booklet when the crystal first became available. Now I am able to know the name of each piece of crystal. This is by far the best book on Candlewick. Candlewick : The Jewel of Imperial (Book II)3 of 3 people found the following review helpful. Great bookBy Marilyn BrownThis is a very complete book of current candlewick values and items. I use it when I hunt for candlewick at auctions.
